9. If a player is suspected of "tanking" the assessment, the managers have the right, immediately following the assessment to request that these players be disqualified from draft eligibility and placed into the "hat" as a random selection. This request must be conducted immediately after the assessment and requires at least 50% of the managers/assistant coaches (1 vote per team) and the agreement of the Registrar/President/Vice-President in attendance to enact. If enacted, the Registrar shall notify the Board. The Board will have the final decision on whether to allow the player to remain "draftable" or to be placed in the "hat". The parent and/or player may appeal the ruling prior to the draft, but the Board will make the final determination and their decision stands.

### **D. Draft Procedures (Pinto, Mustang, Bronco, and Pony divisions)**

1. The Board shall schedule drafts for Pinto, Mustang, Bronco and as needed Pony divisions. These drafts will typically be held in mid-late February either before or after mid-winter break.
2. An officer from the Board should be present to preside over the draft process. The presiding Board Officer should not be a coach in the Division being drafted to avoid a conflict of interest.
3. Prior to the start of the draft, any players identified as a safety concern will be addressed. The presiding Board member will provide recommendations to the voting Board and the Board will determine if the action is sufficient. This should be completed the night of the draft with a notification to the affected player's family made within 24-48 hours of the closure of the draft.
4. Prior to the draft, player assessment scoring anomalies will be discussed among the managers of each applicable division. For example, a discussion will be held about a player receiving a 5 (high score) from one assessor and a 1 (low score) from another assessor. Any scoring changes will be agreed upon by majority of managers (1 vote per team).
5. Prior to the draft, "draftable" players who did not attend an assessment may have an assessment score assigned by the coaches present at the draft. If the coaches present are unable to assign an assessment score that player will be placed as a "hat" pick. Players covered in 6-G who do not attend an assessment will be assigned a First-Round rank unless the coaches present agree to an alternate assessment score.
6. The Registrar shall provide the player profile worksheet and details of the current year assessment scoring to all managers and assistant coaches prior to the draft.
7. Each team shall be entitled to "pre-assign" up to three (3) players to its roster prior to the draft. Each player must be a child, grandchild, or legal guardianship of one of the team's manager or assistant coaches. Any other situations shall require Board approval. The only exception shall be for "brother/sister option" as described in 6-H. The manager must notify the Registrar of the team's pre-assigned players by 6:00PM the day before the division's draft. The managers can only pre-assign players that are playing within the division in which they are leading a team (Exception: Pony player playing on a high school baseball team). Pre-assigned players shall result in the use of draft pick for rounds as applicable to the assessment score of the player. If a team's pre-assigned player is not able to attend the assessments, then they will be given a score of 5 and are thus considered a 1st round draft pick.
  - i. Managers/coaches choosing to exercise the brother/sister option may freeze a maximum of four (4) players. Freezes shall result in the use of draft rounds as applicable to the rating of the player assessed during the assessment/tryout.
  - ii. Brother/sister option— Although no one is obligated, it is the practice of NBCL to honor requests of parents that brothers and/or sisters be assigned to the same team. Such requests must be directed to the Registrar prior to the draft. Players failing to participate in assessments may lose the right to the brother/sister option.
8. In the event a parent does not want his/her child to play for a given manager/assistant coach, the parent shall be required to notify the Registrar, in writing, prior to the division draft. Such requests shall be limited to one (1) request per season. All players affected shall be handled on an individual basis and all requests shall be kept confidential. In applying for this exception, the parent must present a valid and compelling rationale. All requests are subject to the approval of the Board. The Registrar shall notify managers affected by such requests prior to the start of the draft.

## Newcastle PONY Baseball RULES AND REGULATIONS – 2023

9. Player requests and manager/coach requests can be submitted during the registration process, see rule 1-B-4. The Board has determined that while allowed these requests need to be constrained to provide a foundation for a competitively balanced set of teams in a division.
  - i. Pinto division
    - (a) Pinto teams may have player requests and manager/coach requests pre-assigned to their roster ahead of the draft up to a maximum of 11 players total but are limited to three (3) players that were All-Stars and/or Select players in the previous season and/or are current Select players, see rule 2-C.
    - (b) The Registrar will work with each Pinto manager to determine their set of player requests and manager/coach requests that become the baseline of each team's roster before the draft is started.
  - ii. Mustang/Bronco/Pony divisions
    - (a) Player and/or coach requests are not honored. Preassigned players are limited to children and/or grandchildren of the manager/assistant coaches, see rule 2-D-7.
10. A minimum of eleven (11) to a maximum of thirteen (13) players shall be drafted for each team, depending on the number of sign-ups. The Board at its discretion, may allow less or more players per team to address a roster situation in a particular season for a specific division.
11. Teams shall be established by a player draft:
  - i. A minimum of one (1) and a maximum of three (3) team representatives of record must attend draft night.
  - ii. Drafting order shall be established by a random drawing before the start of the draft. Teams will "snake" down, then up through the first two rounds, and every two rounds after that. (For example, in a four-team division, teams will choose the first round in the order of their draw, 1-4, and then reverse that order for the second round, 4-1.)
  - iii. Based on assessment scores from Bellevue College players and any adjustments authorized by the Board, the draft board for a division will be sorted from highest average score to lower average score. Based on the number of teams in that division, the players will be tagged with a pre-draft round indicator. This round tag will be used to place team's pre-assigned players to their draft board. If the slot for a player's round is already filled, the player will be slotted to the next lower round that is open.
  - iv. Players who do not attend assessments/tryouts and are not known by any manager/assistant coach will be considered "hat picks", subject to 2-D-11-v, and are typically chosen at the end of the draft, filling space on teams as needed.
  - v. Once the draft is completed, and all players placed on a team, another random pick will be held to establish the "after draft assignment order", for any late registrants, which will be assigned, in order, by the Registrar.
    - (a) Under no circumstances shall managers/assistant coaches be allowed to withhold players from registration, or to "wait" for a specific player to become available from the waiting list, in an effort to assure player placement on a specific team. Exception: Pony division - Should the next available player be a high school player; the manager shall have the option to accept that player or the first available non-high school player. Players' names shall remain anonymous until after the selection. Any manager/assistant coach violating the spirit and intent of the open draft system by illegally freezing players, withholding players from registration, or otherwise attempting to obtain a specific player by any means other than a legal draft pick, may be suspended at the discretion of the Board.
    - (b) Any parent attempting to manipulate the draft process or results by violating the spirit and intent of the open draft shall have their player relegated to a hat pick.
12. All players on a wait list, or players to be placed in a division where there are openings (no list), shall not be considered for placement until there is a completed registration in Sports Connect from Stack Sports accessed through the [Newcastle Baseball website](#).

## RULES AND REGULATIONS – 2023

2. Player uniforms shall include jersey, caps, and belts distributed by NBCL. Player baseball pants color and style are designated by Manager of the team. No substitutions or alterations shall be made to the league provided uniform items, unless approved by the Board. Items marked with another baseball league's logo, insignia or name are not permitted during games and should not be worn during practices.
3. Managers/coaches should wear league provided caps. They may wear team/league affiliated jerseys/t-shirts but are not required to.
4. Players shall not be allowed to wear metal cleats during League play (except the Colt, and Palomino Divisions). Players found wearing metal cleats in Shetland, Pinto, Mustang, Bronco, or Pony divisions shall be required to change cleats/shoes. If no other cleats/shoes are available for use, the player is NOT eligible to play in the game or practice.
5. Each Manager is issued league equipment (e.g., catching gear, drop bases, ice packs, baseballs) by the Equipment Manager at the start of the season.
6. Managers are responsible for collecting all League equipment and returning it to the Equipment Manager at the end of their team's regular season or All-Star team season if equipment is used for All-Star team. Failure to return the equipment by the date designated by the League may be grounds to deny that manager the opportunity to continue managing within the League. In addition, the manager may be held liable for the replacement cost of missing items.

### **C. Scorebooks/Line-Up Cards**

1. Both teams shall provide a scorekeeper and score each game. The home team will keep the official scorebook. Official scoring of all games must be recorded in the GameChanger app by both teams. A paper scorebook may also be kept as an unofficial scoring method.
2. Candidate scorekeepers shall take training regarding how to score games in the GameChanger app. A Board designee will assemble and distribute the set of recommended training.
3. Candidate scorekeepers shall to the best of their ability accurately record all aspects of the game. Examples include:
  - i. Record actual lineup for both teams and not just default names for opponent
  - ii. Update defensive alignment for both teams every inning
  - iii. If the ball in play involves an error, then record the error or errors
  - iv. If the ball in play is fielder's choice, then record it as such.
  - v. Record all pitches thrown
  - vi. Validate game score with scorekeeper of opposing team after each inning where runs are scored to avoid issues with misaligned scores in the later innings.
4. Regular season offensive and defensive player statistics are an input into All-Star team candidate nominations and final selection of the team roster and thus readily available and accurate statistics from GameChanger are a foundation element.
5. Each manager shall be responsible for submitting a line-up card to the opposing manager and the umpire before the start of the game when applicable. When recording player names on the line-up card, the manager shall include the first initial, last name, and correct number of each player on the team's roster.
6. A game shall be allowed to start with a minimum of eight (8) players. If a team does not have at least eight (8) players by the start of the game, the game shall be ruled a forfeit if at least eight (8) are not present within fifteen (15) minutes after the scheduled start of the game. Should one of the eight (8) players become injured or ill during a game, and there is no substitute available, the game shall end in a forfeit. When playing with eight (8) players, one spot in the batting line-up shall be designated a dead ball out. If a ninth player arrives during the game, he/she shall be inserted in the designated spot in the order, provided he/she appears on the line-up card.

If one team has only nine (9) players available at the start of a game the tenth batter position shall not constitute an out. If a team has only eight (8) players available at the start of a game, the ninth and tenth batter position shall constitute one (1) automatic out. If a ninth or tenth player arrives after the start of a game, he/she must immediately be placed in the end of the lineup. If a player leaves or is injured during the game, the batters will adjust to fill the empty spot and the empty spot will be considered an out during the ninth batter whenever that will fall.
8. Rainouts: for practices, it will be coach's discretion. For games, it will be determined by rainout lines, field crews and/or Umpire Coordinator no later than 2 hours before the game start time or at game time by the home plate umpire (if assigned) or jointly by managers from both teams for games.
9. The Umpire Coordinator, Safety Officer or his/her designated representative, game umpire, or Board member shall have the authority to terminate a game whenever, in his/her opinion, conditions of the field are unplayable. A game shall be delayed a minimum of twenty (20) minutes before being called off. In the event that both managers and the umpire agree that the field has become unplayable prior to the twenty-minute limit, the game may be terminated earlier.
10. All players must always wear helmets while swinging a bat (before, during and after practices and games). This includes, but is not limited to, on deck, at the plate, warming up, taking practice swings, soft toss, poly balls, etc. All Catchers are required to wear a helmet/mask, even during pregame warm-ups.

  - i. If a game is called for any reason, it shall be a complete game if four (4) innings have been completed, or if the home team has scored more runs in three (3) innings or three (3) and a fraction innings, than the visiting team has scored in four (4) completed innings. Reference: 2022 PONY Rule 11-D.
  - ii. If a game is called for any reason before it is a complete game, or when the score is tied, it shall be considered a suspended game and shall be resumed from the point of curtailment at the time scheduled by organization league officials. Reference: 2022 PONY Rule 11-E.
12. Mercy rules (game, inning):
  - i. If the visiting team is leading by at least 15 runs at the end of three (3) or 10 runs and the end of four (4) or more complete innings the game shall be declared complete, and the visiting team shall be declared the winner. If the home team is leading by at least 15 runs at the of three (3) or 10 runs and the end of four (4) or more compete innings after the visiting team has completed batting the game shall be declared complete and the home team shall be declared the winner. Reference: 2022 PONY Rule 11-G-1.

The last inning (6th inning in most cases) allows for unlimited runs for both teams. Any extra innings are also unlimited scoring.
13. Pitching approach:

# Newcastle PONY Baseball

## RULES AND REGULATIONS – 2023

- i. NBCL is shifting from Pinto division being a coach-pitch only division to a hybrid combination of player-pitch and coach-pitch.
  - ii. Players younger than league age 7 are NOT allowed to pitch.
  - iii. Coach-pitcher will call balls and strikes from behind the mound while player is pitching.
  - iv. Player-pitcher must start inning and will pitch until either:
    - (a) three (3) outs are recorded in the inning
    - (b) maximum runs for the inning are scored, see rule 4-B-12-ii.
    - (c) maximum of walks and/or hit batters per inning is reached. Maximum of two (2) for March-April and three (3) for May-June.
    - (d) pitcher reaches their daily pitch count. Maximum of 20 pitches and one (1) inning during March-April, and 30 pitches and two (2) innings during May-June.
    - (e) Once any of these constraints are reached, then the player-pitcher is replaced by coach-pitcher from the offensive team who pitches the remainder of the inning.
  - v. Coach-pitch: a batter shall be declared out after failing to hit a fair ball after six pitches are delivered by a coach-pitcher. The batter is out if there are three strikes before the sixth pitch. Missed swings are counted as strikes, as are foul ball and foul tips. A batter is not out on a foul ball or a foul tip if it is the 6th pitch. Reference: 2022 PONY Rule 9-F.
  - vi. If a player-pitcher pitches more than one inning (May-June only), it must be consecutive innings.
  - vii. Three-batter rule for pitchers is not in effect.
14. The player fielding the pitcher's position shall take position always to the rear of the pitching plate, and on the left or right side of the coach-pitcher with one foot in the circle. The circle will be marked in chalk approximately ten (10) feet in diameter around the pitching rubber. Coach-pitcher must remain in contact with the pitching rubber while pitching. He/she must throw the ball overhand. No kneeling or pitching from the knee is allowed. The coach-pitcher shall not direct or coach their team in any way on offense. Penalty: The coach will receive one warning and the second time the coach-pitcher must be removed.
15. Wooden, metal, graphite or ceramic bats manufactured for baseball play, which are round and not more than two and five eighths' inches in diameter at the thickest part, not more than 42 inches in length, are acceptable. [2022 PONY Rule 8-C] In conjunction with USA Baseball and its other participating national member organizations, PONY Baseball has adopted the new USA Baseball bat standard (USABat). Effective January 1, 2018, with the exception of the -3 bat (BBCOR certified), all other 2-5/8 inch minus factor bats (-5, -7, -9, etc.) and 2-1/4 bats must be certified with the USABat licensing stamp on the bat in order to be used for league and tournament play. Reference: 2022 PONY Rule 8-C-3.
16. The batting order shall be continuous, and include all players present and available to play in the game. Players arriving late to the game will be added to the bottom of the line-up.
17. Batters are not permitted to bunt or soft swing at the ball whether player-pitch or coach-pitch format. Penalty: pitch is a strike, and the ball is dead.
18. Any batted ball which does not touch or travel beyond the 10-foot arc will be considered a foul-strike for the purposes of this rule. Reference: 2022 PONY Rule 9-D.
19. During player-pitcher at bats, there is no stealing or advancing a base due to wild pitches or passed balls. Runners may only advance through a ball hit into play, a walk, or a hitter batter. Catcher to pitcher exchange does not allow a player to advance.
20. Base runners shall remain in contact with the base until ball is hit. Penalty: If a runner is off the base and the ball is hit, the runner is out, and the ball is in play. If the ball is not hit, the runner must return to the base and the

ball is dead. One warning per team per game.

21. Infield fly rule is NOT in effect during either player-pitch or coach-pitch.
22. Dropped third strike is NOT in effect during either player-pitch or coach-pitch.
23. Ball hits coach-pitcher:
  - i. If a batted ball hits the coach-pitcher, the ball is dead. The pitch is a foul strike, and no runners may advance.
  - ii. If a live ball hits the coach-pitcher and in the umpire's judgment there was no intent to interfere, the ball is dead, and runners will advance one (1) base.
  - iii. If a live ball hits the coach-pitcher and in the umpire's judgment the coach interferes in the fielder's attempt to make a play, the ball is dead, and the lead runner is out.
24. Whenever a play is being made at any base, runners shall make every effort to avoid contact, give themselves up, or slide into the base to avoid colliding with the defensive player.
25. Feet first sliding is required unless runner is returning to the previous base from only a few steps away.
26. The ball is dead, and the play shall stop once any player has control of the ball in the infield (as described as inside of the diamond outlined by the base paths from each base – 2nd to 1st and 2nd to 3rd bases – extended to the fence line), raises the ball in the air, and is granted 'time' by the umpire (coach if no umpire is present). Only then is the ball dead. However, if the infielder continues to actively play the ball, continuing defensive efforts against the offense, then time is not granted until the play is stopped as described above. A commit line shall be chalked between each base, except for home plate to first base, measuring 30 feet from the next base. Any runner that has advanced past the commit line before play is called dead by the umpire will be allowed to proceed to the next base if base is not occupied.
27. To help with pace of play, a 'courtesy runner' shall be allowed for the catcher. The 'courtesy runner' will be either 1) the player who recorded the last batted out if entire roster is in the lineup, or 2) a player that has yet to enter the game. If a catcher is provided a 'courtesy runner' that identified catcher must catch the next defensive inning.
28. A foul ball caught by a catcher will not be considered an out unless the catcher tried to catch the ball from a crouching to standing position and the ball reached 6' in height from the ground. When player is pitching and catcher starts in the crouched position, all foul balls caught by catcher are outs on the third strike.
29. Players shall participate in a minimum of two (2) defensive innings in each 6-inning game (may not be possible if mercy rule is in effect). Players are to be freely substituted in defensive positions. There is a two (2) inning limit for players playing the positions of pitcher, first base and shortstop. It is encouraged that if a player starts an inning at first base, pitcher, or shortstop, they should finish the inning at that position. Should a player be moved from one of these positions during an inning, that player must finish the inning at the new position, the inning shall count against playing limits. These limits apply to extra innings. Each inning pitched counts toward defensive innings.
30. The umpire (or manager of defensive team if no umpire) shall solely make all rulings regarding runner's interference and intentional or unintentional collisions, and such rulings cannot be protested. If it is deemed by the umpire that the runner has intentionally collided with defensive player, the runner shall be declared "out" and may be ejected from the game for unsportsmanlike conduct.
31. A player's parent or sibling shall not be allowed to umpire a game, while his/her child or sibling is pitching, without the consent of both managers.
32. For all rules not mentioned above, see [PONY Rulebook](#) and/or [Official MLB Baseball Rules](#).
